

TERRIFIC VOLCANIC ERUPTION OCCURS AT SEA

FRANK NOT TO HANG FOR PHAGAN MURDER

Governor of Georgia Intervenes and Reduces Punishment to Life Term in Prison

(By Associated Press.)

ATLANTA, Ga., June 21.—Leo Frank's death sentence was today commuted to life imprisonment by Governor Slaton. The announcement came after Frank had been secretly taken from the jail here and hurried to the state prison at Milledgeville. Frank was sentenced to hang tomorrow for the murder of Mary Phagan in April, 1913. Although crowds discussed the Frank case without excitement, the police closed all the near-beer saloons and a hundred extra policemen were on duty. They were ordered to arrest anyone attempting to incite violence. "Feeling as I do about this case, I would be a murderer if I allowed Frank to hang," was the governor's statement. "The murder was a most heinous one. The offender deserves the punishment of death. The only question is as to the identity of the criminal." He reviewed the case exhaustively, explaining his reasons for commuting the sentence. Comment disapproving the decision was heard in gatherings on the streets.

CURRENT OF GOLD

Flows Steadily From Round Mountain

PLACER PRODUCING

DAVE LLEWELLYN AND ASSOCIATES SHIPPING \$4,000 IN BARS TO TONOPAH EVERY TWO WEEKS

Another bar of bullion has arrived at the Nevada First National bank from Round Mountain and is on its way to the branch United States mint at Denver. These shipments are made every two weeks by Dave Llewellyn and associates, who are hydraulicking on the Blue Jacket and Daisy claims. The average shipment now is about \$4,000, it being larger than it was earlier in the season, because the preliminary work is now completed and the ground seems to be growing richer as the work extends.

Mr. Llewellyn is now working between thirty and forty men. He expects the water to hold out until late in the season. The flow of Jefferson creek is being utilized.

PROTEST AGAINST COMMUTING SENTENCE

(By Associated Press.)

ATLANTA, June 21.—More than 2,000 people in a mass meeting on the capitol grounds today passed a resolution condemning the governor for commuting Leo Frank's sentence. When they reached the street several arrests were made.

BUSINESS IN LONDON IS NOT "AS USUAL"

(By Associated Press.)

LONDON, June 21.—The sign "Business as Usual," which appeared all over London at the beginning of the war has now vanished. It was deemed a patriotic demonstration of British pluck when hostilities began, but now it is seen to conflict with the popular state of mind.

CONTINUANCE GIVEN UNTIL JUNE 30TH

The matter of the motion for a new trial in the case of the Jim Butler Tonopah Mining company versus the West End Consolidated Mining company, which was continued over from last week, came up this morning in Judge Averill's court. On motion by the plaintiff the matter was deferred until June 30.

JESSE KNOX was a passenger this morning for Pittsburg, Pa., where he goes to visit relatives.

LEGALIZATION OF POLYGAMY PLANS

IDEA IS BY NO MEANS A NEW ONE

"DAD" IN DUTY BOUND TO PREVENT DISSATISFACTION IN HIS HAREM

(By Associated Press.)

BERLIN, June 21.—The suggestion, already broached in some quarters, of a serious consideration of a limited legalized polygamy to replace the human material destroyed by the war is by no means new. The Frankish Archives, published in 1790, contain an official protocol of a meeting of the "kreitag," or local diet held at Nuremberg on February 14, 1650, in which was considered the problem of replacing the men "lost through the Thirty Years' war and also through sickness." The protocol reads:

"Inasmuch as the unavoidable needs of the holy Roman empire require the replacing of the men totally lost through this bloody Thirty Years' war, and those incapacitated by sword, sickness and hunger, and that it shall in the future be equal to meeting all its enemies, and particularly the hereditary enemy of the Christian name, the Turk, and that all means, ways and methods shall be considered."

"Therefore, upon ripe deliberation and consideration, the following three ways were held on all sides to be the easiest and most fruitful:

"It shall for the next ten years be forbidden to take into cloisters young men or such men as are under 60; marriage shall be permitted to such priests and pastors as are not members of orders or in cloisters or prebends; every male person shall be permitted to marry ten women, but all and every male person shall be thereby often reminded, also from the pulpit, that an honorable man who ventures to take ten women, shall not only provide for them all necessities, but shall also prevent all dissatisfaction among them."

SLAUGHTER SALE IS AFFORDING BARGAINS

The big slaughter sale that has been inaugurated by the Tonopah Hardware company is causing a he-gira of shoppers to lower Main street. The prices quoted are so low that housekeepers may get complete outfits at very little cost. The big store handles everything needed by a householder in the hardware line from a paper of tacks to a refrigerator or a range. Note some of the bargains, as quoted in the Bonanza's advertising columns today.

NOTED PUBLISHER LAYS DOWN HIS PEN

(By Associated Press.)

NEW CANAAN, Conn., June 21.—William H. Rand, for many years the head of the Rand-McNally company, died today. He had been ill for many months.

Disturbance Caused by Earthquake in Central Japan

CLOUD OF FIRE AND SMOKE

Steamers Are Rocked by a Tremendous Tidal Wave, but Escape Injury—Day for a Time Is Turned Into Night

(By Associated Press.)

TOKIO, June 21.—Reports of a terrifying volcanic eruption at sea on Saturday have reached Yokohama by steamships. The disturbance is regarded as a direct result of an earthquake in central Japan, which was the most severe in years. The marine eruption occurred 150 miles south of Yokohama. A pillar of fire and smoke obscured the sun and turned day into night. Steamers which observed the disturbances were struck by a tidal wave but escaped damage.

Big Land Grant Case is Decided

(By Associated Press.)

WASHINGTON, June 21.—The government has lost its suit in the supreme court to forfeit the unsold portion of the Oregon and California railroad land grant of more than two million acres, valued at \$30,000,000. The supreme court decided that it reviewed the decision of customers, the court holding that 5 per cent discount on imports in American bottoms, provided in the Underwood-Simmons act, extends also to goods imported in the ships of favored nation treaty countries.

Victory for the U.S. Government

(By Associated Press.)

WASHINGTON, June 21.—The supreme court has deconsidered its decision to review the conviction of Caminetti on the charge of violating the white slave law, and today granted the review. It also granted a review of the conviction of Diggs.

GOOD ORE AT DEPTH

Horse Penetrated by Extension

BIG SHOWING MADE

LENS ON THE 1260 NOW OPENED FOR A DISTANCE OF TWO HUNDRED AND EIGHTY FEET BY DRIFTS

On 1350 from the new shaft of the Tonopah Extension Mining company the ore body which was pierced several weeks ago showed in splendid form for a distance of six feet from the wall, but there the mineralization ceased to reach a commercial point but drifts were run on it in either direction and the continuity of the lens was proven to extend for a great and as yet unknown distance.

Meanwhile the management continued the crosscut, working machine drills in all three headings. It was found that instead of the vein pinching to six feet, which, considering its grade would still be a bonanza in many mines, it had a horse in it. The drill has at last pierced the enriched quartz again. The showing is now one of the best in the mine and there is no means of knowing how much thicker the vein is.

There is every reason for believing that the two sections will total as well as on the 1260, where there is sixteen feet of the most sort of ore, better than the average mill heads. The wonderful extent of the lens on the 1260 is the marvel of not only Tonopah, but of the mining world. The eastern extension has at last been found, but it is not known how much farther it runs to the west. While there is only 40 feet of linear development on the 1350, the 1260 shows the continuation of the lens already for 280 feet.

A. H. DUTTON, the cartoonist, was a passenger today for Hawthorne.

Extension Co. Ships Bullion

The Tonopah Extension Mining company today shipped 45 bars of bullion, the cleanup for the first half of June. The shipment, which went by Wells Fargo, consisted of 45 bars, weighing 82,360 ounces and valued at \$51,200.

VICTOR'S VICTORY

Water Conquered in Deluged Shaft

A HERCULEAN JOB

PREPARATIONS BEING MADE TO RESUME WORK ON THE BOTTOM LEVEL OF LONG FLOODED MINE

The water in the Victor mine has been conquered at last and preparations are being made to develop the property. A large machine shop is being erected and other top work will be done preparatory to attacking the long flooded workings. The water yesterday stood eleven feet above the bottom station pumps.

The unwatering of this property has been a long and expensive operation. The Victor apparently drains the entire western or northwestern section of the district. It is interesting to watch the drawing of the water from the shaft. The pump lifts 200 gallons a minute, but the bailers do even better. They counterbalance each other and it requires three minutes for each to make the round trip, or one in each 90 seconds. The bailers hold 500 gallons each.

At this progress the water is coming out of the shaft at the almost incredible rate of 912,000 gallons a day. Inasmuch as Tonopah uses only 225,000 gallons of water daily, the comparative figures show how tremendous is the water flow from the Victor. As the Victor shaft is approximately 1500 feet deep, it might be incidentally mentioned that the bailers are compelled to travel at the rate of nearly 1000 feet a minute, or about 12 miles an hour.

SATURDAY NIGHT AIRDOME DANCE

The regular Saturday night dance took place at the Airdome the 19th inst. and the largest crowd of the season turned out. The evening was ideal and the merry crowd kept the spacious floor filled all the time. The absence of dust and the good air not only makes these dances enjoyable but healthful. The increasing popularity of these dances is not only due to the latter facts but to the standard of the management, which does not countenance indecent dancing.

POWDER OUTRAGE

Overall Factory Is Wrecked

ANOTHER ATTEMPT

ESTABLISHMENT DAMAGED HAD JUST FINISHED A LARGE ORDER FOR UNIFORMS FOR THE BRITISH ARMY

(By Associated Press.) WINDSOR, Ontario, June 21.—The overall factory of the Peabody company was partially wrecked by the explosion of a bomb this morning. The company had just completed 100,000 British uniforms. Dynamite was found near the Windsor armory with a fuse attached and timed, but the fuse had burned out.

MEDICOS MEET IN ANNUAL SESSION

EDUCATIONAL WORK OF ORGANIZATION

MEMBERSHIP SHOWS A CONSIDERABLE INCREASE DURING THE PAST YEAR

(By Associated Press.) SAN FRANCISCO, June 21.—Numerous activities in which the American Medical association is engaged, particularly in the line of educating the public for the preservation of health, were reported upon at the opening session today of the sixty-sixth annual meeting of the association. Dr. Victor C. Vaughn of Ann Arbor, Mich., dean of the medical department of the University of Michigan, is president of the association and presided today at the meeting in the exposition memorial auditorium.

Dr. Henry B. Favill of Chicago, who presented the report of the council on health and public instruction, said that during the past year the council had continued the development of its program, which includes a thorough investigation of present public health conditions in the United States, the education of the public by every possible means, in order that the people may understand the enormous advances in scientific medical knowledge.

BOTH CONTESTANTS CLAIMING VICTORY

Austro-German Drive Advances, While Allies Take Enemy's Positions in France

(By Associated Press.)

BERLIN, June 21.—It is officially announced that the kaiser was present at the battle of Beskid, for possession of the Grodek line. These Russian positions are west of Lemberg. Further success in the Austro-German drive at Lemberg is announced. A statement says that Rawawa Ruska, 32 miles northwest of Lemberg, has been captured from the Russians.

(By Associated Press.)

PARIS, June 21.—Further successes in northwestern France, also in Lorraine and Vosges, are reported. In Lorraine, the capture of the German first line positions for nearly a mile is claimed. The fighting here is with unusual violence. It is said that the German trenches are filled with dead.

NIGHT SHIFT IN MONARCH-PITTS

THE NORTH CROSSCUTS HAVE BEEN STARTED

VEIN SHOWS A HORIZONTAL WIDTH OF ONE HUNDRED AND THIRTY FEET

A night shift was added at the Monarch-Pittsburg mine last night. Two north crosscuts have recently been started and the work of crosscutting the big vein on the 850 level will be vigorously prosecuted from now on. This vein has a horizontal width of 130 feet and contains streaks of excellent ore. It is the unanimous opinion of those who are acquainted with the western ore zone and who have seen this vein, which lies between West End rhyolite, that it is simply a matter of development until a rich shoot is encountered which will not only place the Monarch in the ranks of the producing class but will tend to stimulate the various other properties such as the Great Western, which has sunk a shaft 1100 feet and is presumably awaiting developments in the Monarch.

COLUMBUS KNIGHTS OBSERVE MEMORIAL

Tonopah council, Knights of Columbus, observed its annual memorial services last evening in commemoration of deceased members. The council was appropriately decorated for the occasion, and a large attendance of local and visiting members was in evidence. The speakers of the evening were Frank P. Kearns and P. J. Gallagher, who impressively eulogized the departed brothers. Vocal selections were rendered by Brothers Eitler, Degan and Roach, accompanied by R. F. Robb. A flute solo by Brother F. P. Crane, musical selections by the K. C. quartette and closing exercises by the officers concluded the ceremonies.

GEN. DEWIT FOUND GUILTY OF TREASON

(By Associated Press.)

BLOMFONTEIN, South Africa, June 21.—General Christian De Wet, one of the leaders in the rebellion against the British, was today found guilty of treason.

NEGRO VOTERS MAY NOT BE RESTRICTED

(By Associated Press.)

OKLAHOMA CITY, June 21.—The "grandfather clause" restricting negro votes, was annulled today as unconstitutional by the supreme court.

WILL RECITE POEM

H. A. B. Saevo will recite the poem "The Shooting of Dan McGrew" this evening at the Butler theatre before the picture is shown.

DISMANTLING THE MERGER TOP WORK

REMOVING ALL MINE'S MACHINERY

PROPERTY WILL HEREAFTER BE WORKED THROUGH THE EXTENSION

Now that the Merger mine has been purchased by the Tonopah Extension there is no longer need for maintaining its top works nor of keeping up a separate organization. A temporary hoist has been installed and was used yesterday in pulling the cable. The bell signal and one compressor is all of the equipment that will be left there and hereafter the shaft will be useful only for ventilation and emergency purposes.

The Merger contains two large bodies of ore, but they will hereafter be developed and extracted through the Tonopah Extension in what is planned to be more economical fashion.

IS BRITISH PRIVATE WITH GERMAN TITLE

(By Associated Press.)

LONDON, June 21.—The new Baron de Reuter is a private in Kitchener's army. He has the title because by permission of Queen Victoria his grandfather was granted the right to it although conferred in Germany.

MERCHANT KING AND BANKER IS JAILED

(By Associated Press.)

GENESEO, June 21.—Henry Siegel, ex-owner of department stores and a banker of New York, who was convicted in November of a misdemeanor and sentenced to ten months imprisonment and a fine of \$1000 unless he made restitution to his creditors, today started for Rochester to enter jail and begin his sentence.

BUTLER THEATRE

TONIGHT Something New

Edmund Brees

The powerful dramatic star, in a gripping play of the Snow World "The Shooting of Dan McGrew" from the poem classic by Robert W. Service, which will be recited from the stage just before the picture appears on the screen.

Mattinee 1:30
Night Shows, 7:15 and 9:45

Admission 10 and 15 cents
